Concrete Colors

For stained concrete: choose one color

For stamped concrete: choose one color for the base/hardener (usually the lighter of two colors);
choose one color for the highlighter/release agent (usually a darker or complementary color)

Color Hardeners, Overlays and Release Agents for Concrete

NOTE: Colors on this chart are close approximations. Variations may occur due to differences in cement, water, aggregate and application techniques. A mock-up should be considered for all projects.
